

## AF3 / AF3P

°AF3

AF3 is our most popular hook for hanging framed art and posters. A small hole in the hook provides a place for excess cable to hide behind art; just insert cable

°AF3P

The AF3P is just like the AF3, but has a simple clip that acts like a latch, effectively closing the otherwise open hook. Excellent in seismically active areas.

### ° Product Information

#### cable size

3/64" 1.2 mm

#### maximum weight

3/64" 40 lbs. 18 kg

#### function

midway; hook

#### installation instructions

Insert cable into gripper. Slide hook up cable to desired height. Pull excess cable through hole in tip of hook. Coil cable behind picture. Hook will attach to picture wire, d-rings or sawtooth clips. D-rings or picture wire should be attached 2 1/2" from top of picture in order to minimize tilt from wall.
